SKILLS

- **Languages**:   JavaScript, Java, Python
- **Frameworks**:   HTML, CSS, Bootstrap, Node JS, React JS, Express JS
- **Tools/Platforms**:   VS Code, Version Control (GitHub), Figma, Windows
- **Soft Skills**:   Communication Skills, Problem-Solving Skills, Time-Management

INTERNSHIP

- **Summer Training**   June - July 2024
  Coding Blocks

  - Gained experience creating websites from scratch, working on both the front-end and back-end.
  - Developed full-stack web applications with React JS, and got hands-on experience with MERN stack web development.
  - Designed and developed easy-to-use website layouts and features for a smooth user experience.
  - Worked on the server-side of websites to make sure everything runs smoothly and users can interact with the site.
  - Used Git to manage and share code with others, ensuring that our work stayed organized and everyone was on the same page.
  - Helped find and fix problems with websites, making sure they were working properly and were easy to use.

PROJECTS

- **Web Application| Live Docs Editor**   April 2024

  Developed an editor software platform wherein users can edit documents real-time from anywhere and anytime.

  Key features include Real-Time Collaboration, Authentication and strong upgradation of the document at all user ends due to high-refresh rate.

  Applied MERN stack knowledge successfully to create a fully functional MERN stack website.

  TECH STACK: Socket.io, React JS, Node JS, HTML5, CSS3, Bootstrap, Git, GitHub, VS Code.

- **Website |International Global Conference | www.igcmun.in**   Nov 2023

  Constructed a landing page with Bootstrap and HTML, with pop up and alert logic using JavaScript

  The web page served as a Landing page for an international event, where participants were able to explore different details regarding the event.

  TECH STACK: Bootstrap, HTML5, CSS3, JavaScript, Git, GitHub, VS Code
